Hi Nathan -

We're trying to set up a meeting between the IRIS folks and Tom and Bob. I think the earliest this could happen is the week of August 10 (since Bob is out next week and Tom out the following week), but it looks like Vince is out the week of Aug. 10 and I think he should be in this meeting.

Can you check calendars and try to get something set up?

The topics are: 1) the arsenic assessment development plan and 2) hazard descriptors

Thanks!
